Times: 9:00 a.m. - 4:00 p.m. with a lunch break at Noon.
Check our website for maps to each meeting site.

Cost: NIEC Member companies' employees - \$60.00 per person per class
Non-member companies' employees - \$70.00 per person per class

Minimum Enrollment: Each class has a minimum enrollment requirement of 30. Check our website for updates of the status of each class.

If your company is interested in joining the NIEC, a membership application is on our website. You may register at the member price and submit your application at the same time.

• **Part 1 and Part 2:** Classes that are shown as Part 2 are continuations of classes offered this past Fall. It is NOT necessary to have taken Part 1 in order to take Part 2 of any class. Code classes and Grounding classes all count as CODE credit.

• CONTINUING EDUCATION CREDIT: Each seminar has been approved by the Nebraska State Electrical Board and the Iowa Electrical Examining Board for six hours of continuing education credit. All of these classes count towards your CODE requirement. You have a *minimum* number of required credits in the CODE, but you can get *all* of your credits in the CODE, if you wish. Certificates will be provided to all attendees the day of the class.

• In the event of bad weather, please call the NIEC office anytime (402-483-4483). If the office is not open, an updated recording will inform you of the status of the seminar. (We have built-in "snow days" in case we have to reschedule. You can also check the website which will be updated immediately. (www.electricalcouncil.com))

• Please feel free to suggest topics or ask a specific question when you submit your registration form. These will be incorporated into the class material. The deadline for these topics or questions is one week before the class.

• Your check and registration are your confirmation. No confirmation letters will be sent. If the class is full, we will notify you immediately.

• Please register early. We cannot guarantee walk-in registration.

NEBRASKA LICENSEES PLEASE NOTE:

This is a reminder that Nebraska will **NO LONGER HAVE A GRACE PERIOD** in early 2011 with respect to continuing. If you have not earned your required continuing education by December 31, 2010, you will **HAVE TO TAKE THE TEST**. There are no exceptions. This is a **MAJOR CHANGE** from the past policies. If you have earned your continuing education by the end of 2010, you will still have 90 days to renew the actual license. However, your class work will have to be completed by the end of 2010 to avoid taking the test.

Bring your 2008 code book to class. Bring your questions, too!
